## Languages

Spanish – Native
English – C1

## Summary

Senior Full-stack developer with extensive experience (over 10 years) developing software from early stages, as well as maintaining, developing, and supporting existing software. I am constantly learning and improving my skills according to the latest technologies.

## Frameworks

React, Node, Express, SpringBoot, Junit, Mockito, Mocha, Chai, Jest, Cypress

## Experience

**Full Stack Engineer** - 11/2022 to today
**Encora Inc – Confidential client**

- I am currently working on developing new features and supporting existing ones in the main product that the client has, mainly using react and spring. I am also working on a new product where we use AI to generate improvement suggestions based on the data we already have.

**Full Stack Engineer** - 08/2021 to 10/2022
**Thoughtworks – Confidential client**

- I was primarily working on systems modernization for a large scale sales client, using modern technologies like Kotlin with SpringBoot, kafka and some other tools.

**Full Stack Engineer** - 06/2019 to 07/2021
**IBM**
Being GBS I was located with the client Diners Club from Ecuador, where I worked in:

- Survey of requirements with the user.
- Design and development of new requirements.
- Maintenance and development of new functionalities in the existing software. I primarily used Java with Spring Boot and React, and used AWS cloud services.

**Full Stack Engineer** - 08/2018 to 06/2019
**ioet Inc.**

- Development of functionalities and maintenance of the Mido Lotto application.
- Development of new functionalities and elimination of unused code in GrubHub.
- I also moved within web projects that used mainly react and node.

**Full Stack Developer** - 05/2015 to 05/2018
**Kradac Ltda.**

- Development of new functionalities and maintenance for the Ktaxi - Kbus web system and another systems. We used Java for the backend and JavaScript (ExtJS), but later we migrated to React.

## Education

Systems engineer: **Universidad Nacional de Loja** – 2016 - Loja, Ecuador
